

The background of the top half of the page features a futuristic digital interface. A robotic hand on the left and a human hand on the right are shown interacting with various data visualizations, including circular gauges, bar charts, and grid patterns. The overall color scheme is a gradient of teal and blue.

Cygnnet TaxTech

Indirect Tax Compliance Platform

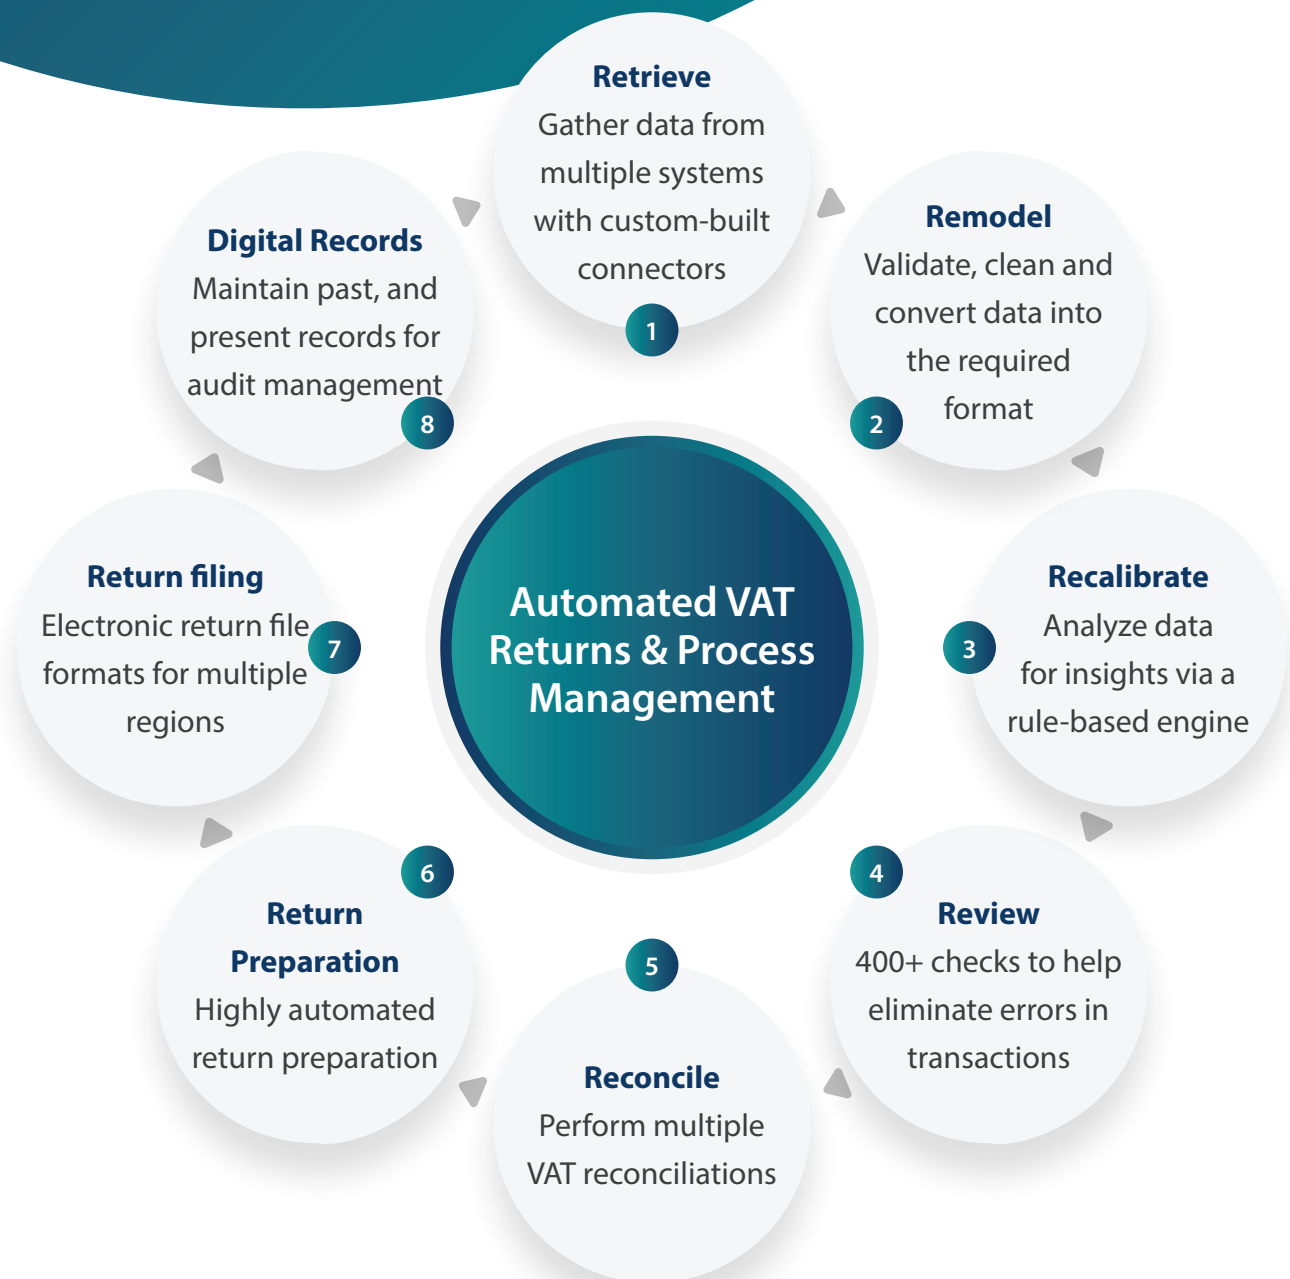

Helping businesses of all sizes achieve compliance by providing a centralized, scalable, and automated solution to accurately prepare and file VAT returns to HMRC and further afield.

Automated VAT Management & Compliance Solution

Managing VAT return preparation and filings can be challenging for small, medium and large organisations. Manually extracting, cleaning, and converting data from various systems or preparing and filing returns per changing HMRC's requirements can be complex.

Cygnit TaxTech's Automated VAT Management & Compliance Solution helps businesses automate the tax data extraction, consolidation, validation, and digital filing of VAT returns with ease.

Solutions

Cygnnet TaxTech's Indirect Tax Compliance Solution provides an easy-to-use cloud application for organizations of all sizes to meet their VAT filings obligations. A comprehensive end-to-end solution encompassing the many features:

Integrate with any source systems to collect and process data with ease

Partial exemption logic and functionality for automated VAT adjustments

Continuous error checking on every transaction

VAT Groups and divisional consolidation logic

Intuitive dashboard to provide enhanced data insights with multiple statistics & business reporting

Compliance management with user notifications and alerts

Detailed audit trail of source data to VAT return

Detailed VAT payment and filing summary

Benefits

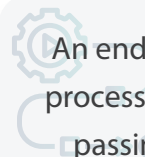

Cygnnet TaxTech's Indirect Tax Software Solution is built and supported by tax professionals. The software is updated regularly for tax and system logic ensuring full compliance with current legislation. The solution will bring many benefits including

Significant improvement in detecting errors in transactions

Less resource time spent on manual tasks

An end-to-end process encompassing the key digital links requirements

Less expert time needed to prepare a VAT return

We deliver a comprehensive, automated, cloud-based solution that is fast, accurate, and easy to use.
